Tiedemann Wealth Management Named 2016 Top Multi-Family Office at the Family Wealth Report Awards

NEW YORK, NY – March 16, 2016 - Tiedemann Wealth Management is proud to announce that it has been awarded as the 2016 Top Multi-Family Office over $5 billion by the Family Wealth Report. The award was proudly accepted by Tiedemann's CEO and Chief Investment Officer, Michael Tiedemann, at the Family Wealth Report Gala Awards Ceremony held in New York on March 10, 2016. The Awards recognize independence, integrity and genuine insight among wealth management professionals.

Tiedemann Wealth Management was selected for this award by an independent panel of experts drawn from both private banks and trusted advisors, and supported by relevant third-party organizations. This latest award builds on Tiedemann's continued accomplishments having recently been awarded the 2016 Best Trust and Estates Division by PAM (Private Asset Management).

"Our distinctive client experience and low client to advisor ratio is the key to our continued success. It is the commitment to our clients and their experience at Tiedemann that caught the attention of the judges and continues to garner us the accolades of our peers," noted Principal and Managing Director, Andrew Douglass. "The challenges faced by each of our families are unique which is why we adhere to the belief that solutions must be as individual as the clients. As such, we continue to distinguish ourselves with wealth management solutions that are as individualized as they are comprehensive."
